# Message From Our President

**Contributor : Marie Anderson**

May President's message:

Hello all!

It's May and we are celebrating Mother's, creating works inspired by the word pair "elevated retirement", turning Empty Bowls, Tuning up Bandsaws and to top it all off, a new Gallery of Wood Art is opening!

Phew! The month is not even half over as I write this and I'm exhausted after spending the past week preparing and presenting another IRD (this one for the Minnesota Woodturners), helping at a flower shop, and turning parts for the Virtual WIT eXchange collaborative project. So, today I enjoyed my first day off this month. (Today, is Mother's Day so I spent it with my boys fishing! It was a fun day.)

# Message From Our President

The point of sharing this information is because I really appreciate that our club is full of people who will step up and assist with whatever needs to be done. For instance:

This month, I found out I was not able to host the Banjo session and thought I was going to have to cancel it at the last minute. However, with very little advance notice, Mark Dreyer stepped up and offered to be the host so we would not have to cancel the session. I understand that the meeting went well and those that attended enjoyed the information and comradery (which are the primary goals of these sessions). Thank you Mark!

Don Johnston who has been in contact with the Lisle Historical Society about our ongoing support of their annual Christmas ornament sale. Don and one of the women in the society are working on an idea for this year's ornament. (This means we may be looking for a few volunteers to help turning this year's ornament - stay tuned for more information.) Don has been the point person on this outreach effort since we started partnering with them and although he will never tell you, he has been designing the turned part of these ornaments since we became a part of this worthwhile project

# Message From Our President

Andy Kuby, Clint Stevens and I have scheduled the first 2 workdays (with Shawn at the Chicago School of Woodworking) for Empty Bowls for Food on May 16<sup>th</sup> and 23<sup>rd</sup> (there will be more). Thanks to Andy, Clint and Shawn for allowing us to use this space for turning EB bowls. (See calendar entry for more information on this.)

I was unable to attend the live version of the Midwest Pen Gathering. Thus am so thankful that we have an entire month to work through the demonstration material that was made available (look for more information on the MPG either later in the newsletter or at the monthly meeting on the 18<sup>th</sup>. Thanks to Mark for laying the foundation for this Midwest event and making the recordings available to those of us who were not able to attend the live session).

Nate has lined up Alex Snodgrass to give us a demonstration on how to tune up your bandsaw. Alex is a master and you will have an opportunity to ask questions (see short paragraph later in the newsletter). Thanks Nate, fine job!

# Message From Our President

Jason Clark has been working on creating a new club brochure (in his spare time). We are hoping it will be available for distribution within a month. Thanks Jason.

Some of you may have recently received a letter asking you to re-up your membership by paying your dues. This letter came from another volunteer, John Dillon who has agreed to be our membership chairman. Thank you John! This position has traditionally been part of the treasurer's job . Nick Page has done it for years and has worked with John to make it a smooth transition. Nick we all thank you and appreciate your efforts.

I am also working on setting up a form to use for instant gallery submissions. A special thank you to Jerry Kuffel (from the Chicago club) who gave several hours of his time to walk me through so I could navigate through the process. Hopefully I will have it completed by the end of this week. I will send out a link and an explanation before the next meeting. Thanks Jerry!

# Message From Our President

Dom Costable has collected names for several months of those of you who might be interested in working on a youth turning committee. This is quite an interesting undertaking and there is room for more mentors if you are interested. Thanks Dom for starting the ball rolling on this worthwhile initiative.

Hopefully you were inspired to get out to your lathes this month to create something based on this month's inspiration word pair "Elevated Retirement". If not, there is still time. Feel free to collaborate if you would like to. (Just enjoy the excuse to get to know another member of WCWT club.) Thanks to the WIT committee for the use of the word list for this challenge.

The point of this letter is to highlight the fact that there are many people who are helping to keep this club running. The above does not include everyone that has volunteered (or even all of our past and present board members who put a lot of time into club). There is certainly room for more of you to volunteer and spread the workload out over the course of a year. Please consider volunteering in whatever way

# Message From Our President

Please consider volunteering in whatever way you can to support the efforts of our club to keep all of us connected. For instance, we need someone to head up the picnic committee (typically held in August or September) and the Holiday Party in December.

Thanks to all the volunteers, we have a club that is still viable even with the challenges of the pandemic.

Marie

# June Banjo Session

Sitting in on the Bandsaw Clinic will be an informative hour that you just might come away from with the information to make your bandsaw or future bandsaw your favorite tool.

# May Meeting

May 18th's virtual demonstration will be from Alex Snodgrass, for those of you that may have not heard of Alex before, he is considered the guru of Band saws. He has been working with band saws for over 30 years and holds many band saw related patents. Working with Powermatic and Carter Products he has helped develop Carter's Band Saw Stabilizer<sup>®</sup>, Quick Release<sup>®</sup> and the F.A.S.T. Fence Alignment System<sup>™</sup>. During his presentation he will be going over how to tune up your band saw, working through proper alignment and tensioning of a blade, properly setting up and using the blade guides. At the end of the set up Alex will be demonstrating how efficiently he can make a reindeer using a band saw. It is definitely something you do not want to miss.

# Heritage Society Christmas Ornament

**Contributing Member: Don Johnston**

The Corona Virus was responsible for a lot of cancellations in 2020, but not the 39<sup>th</sup> annual Lisle Heritage Society Christmas Ornament. When a skeleton committee met last spring in a Lisle park to talk ornaments, it was clear that we couldn't rely on Windy City meetings for production. We needed to skip a year or pick a design that would be simple to produce. Given 38 years of continuous history, there was a strong push produce #39 in the year it belonged. (Windy City has produced the turned forms for ornaments 34, 35, 36, and 38 starting in 2015.)

We decided on a small barn with silo pictured here. This design was selected because the shape and components were simple to produce. And historically there were many such barns on small farms in and around Lisle. We didn't require a lot of "manufacturers" to make 150 blanks. Fred Filipiak (a Heritage member) ripped gable-shaped strips, and chopped them into barn forms. Don Johnston cut some dowels to length and pointed them on his lathe for the silos. The big job of assembling and decorating the barn was left to only three members of the Heritage Society who mostly worked separately. The detail that really 'makes' the ornament is the overhanging roof that was fabricated and added by the decorating crew.

# Heritage Society Christmas Ornament

Of course there were no events at the Museum in 2020 to sell #39. So they were offered on line at [www.lisleheritagesociety.org](http://www.lisleheritagesociety.org) -- \$10. To date 75 have been sold. Organizers are cautiously hopeful that 2021 will again include some events at the museum. But so far there is only wishful thinking. Stay tuned.

A sad footnote: Carol Carls, a stalwart on the ornament committee passed away at Christmas time after a long battle with cancer. Her talents extended far beyond the Historical Society into the legitimate art world – she will be missed there too.

# Empty Bowls

Hello all,

I am writing to let you know that prior to our next club meeting CWT will be hosting the first of two EB workdays. If you are willing and available to help out, please contact me for an available time slot as we will be limiting the number of people in the building at one time and will follow all social distancing guidelines to keep everyone as safe as possible. These are hands on events held at the Chicago School of Woodworking on Sunday, May 16th and Sunday, May 23rd from 9am until 2 or 3pm.

Plan to bring your tools as well as any finished donation items for Empty Bowls. Feel free to bring your own roughed out bowls or blanks to finish turn. (We will have a supply of roughed out bowl blanks available for those that need them.)

We will see you on May 18th for our regularly scheduled club meeting via zoom. Remember this month's demonstrator will be Alex Snodgrass who will be talking about tuning up your bandsaw. Alex is a professional and an extremely knowledgeable teacher. You don't want to miss this one!

The next Banjo Session will be held next month on June 1st at 6pm. Let me know if you have a topic you would like to discuss with the group.

Until then, Get to your lathe and create something!

Marie

- ▶ **Webmaster -Mark Dreyer**

- ▶ Develop/maintain/update WCWT website and domain. Demonstrator schedule, photos, newsletter and other updates as required. If you have interest in this position please let us know.

- ▶ **Events- Don Johnston**

- ▶ Help coordinate and organize club events and activities including but not limited to Depot days, Once upon a Christmas, Rockler/Woodcraft events, ornament turning. Seek out opportunities for the club to further our mission to promote and educate the public about WCWT and woodturning in general.

# WCWT 2020 Committee Volunteers

## ▶ **Raffle– Richard Nye**

- ▶ Source wood, tools, and woodturning related accessories from various sources including donations, discounts, and purchases to be used for the monthly raffle. Raffle tickets are sold at the beginning of each meeting and items are raffled off at the middle of the meeting. Proceeds from the raffle go back to the club to offset club expenses and to fund the raffle itself. Certain item(s) may require multiple months of selling tickets in order to cover the costs of the item(s) and provide adequate profit to the club. Receipts for items that have been purchased are expected to be provided to the treasurer whenever possible so that the purchases can be balanced against the raffle line item in the budget.

## ▶ **A/V – Bob Bergstrom/Mark Jundanian**

- ▶ Research and make recommendations on audio/video decisions and purchases based on the club needs, bearing in mind possible future uses including remote video purchases and the ability to record demonstrations. Setup and run audio and video equipment at club meetings and presentations. Projector, screen, cameras, audio, and software. Recommendations should account for capabilities now and in the future, budget, and storage limitations.

## ▶ **Library- Rich Hall-Reppen**

- ▶ Organize and maintain the club's stock of books, magazines, DVDs, and other materials. Maintain records of items that have been borrowed by club members. Source additional/replacement materials for the library within the budget assigned. Provide relevant article about available library material for monthly newsletter.
