# January Mtg. Presentation

John Dillon -

January's demo will be by first time demonstrator John Dillon. John will be demonstrating how he takes a "once-turned" or "roughed-out" bowl, that is completely out of roundness, and makes it round again.

John will be going over the steps he uses: a friction drive chuck to reshape the tenon; flattening the rim; establish thickness; shape the exterior and finish the interior. If time allows he will also finish the foot of the bowl.

# Message From Our President

January 2023

Happy New Year and welcome to 2023!

You know, typing that made me stop and pause. 2023? If you are anything like me, you have been so busy this holiday season that you may not have acclimated to the fact that 2023 starts next week. How can it possibly be 2023? This year has been a whirlwind. Thankfully it seems we will end the year on a much milder note weather-wise.

I am also having a hard time believing that I am starting my third term as your club president. I am very grateful for the faith you have put in me and the rest of the WCWT board. It seems that it was just yesterday that I held my first board meeting with a very capable team of supporting board members. My thanks to Nate, Nick, and John who have given yet another year of their time and talents making this club better (and my life this year so much easier), always stepping in to fill a need and handling all the things that just need to get done. Thanks also to Jason for always being there with the history, knowledge, a helping hand and sharing each freely when asked. Please join me in saying thanks to both Rich Nye and Mark Jundanian who have tirelessly continued in their roles each month as raffle chair and AV guru respectively. Thanks to Dave Burk and all who have filled in for Dave over the past year allowing us to memorialize the artwork that has been shared in the instant gallery over this past year.

# Message From Marie (Cont.)

There are still some jobs that need filling and I hope that others will be stepping up to offer their talents to make this club better. (Things like, AV assistant, Webmaster, Photographer assistant/backup photographer, Demonstrators, Writers, set up, and clean up at monthly meetings.) As I mentioned last month, there have been countless numbers of you who have filled various needs throughout this year and since there is a good possibility that I will miss one or more of you, please once again consider yourself thanked from the bottom of my heart.

As we start 2023 (seriously, not a typo), consider this as encouragement to spend some time enriching your life by standing at your lathe and turning for the sheer joy of turning. You deserve that joy. We ALL deserve that joy! As a matter of fact, why not consider teaching someone else to turn and share the joy of turning with them? I can tell you from experience that teaching can be just as rewarding as turning fresh cut hard maple. If you don't feel comfortable teaching someone, just offering a bit of encouragement to a newbie can raise the serotonin levels as you see them puff up their chests and gain confidence to try again.

You may never know how a word of encouragement can change someone's day, month, year, maybe even life.

If you haven't made a New Years resolution, may I suggest you consider resolving to spend more time in your shops, practicing the basics, sharpening, tool control, finishing and training your eye to see good form!

Start your new year by making some confetti out of your favorite wood! May the shavings fly!

Turn often, turn safely! See you on the 18<sup>th</sup>!

Marie

# CLUB NOTES

## COVID-19

DuPage County is in “community medium level”, therefore masks are optional for attendees. We will once again offer a hybrid meeting broadcasting live to those who prefer to join via Zoom.

## IN MEMORIUM:

Paul Pyrcik brought to our attention that former WCWT member Dave Reilly died on December 19, 2022 at the age of 89.

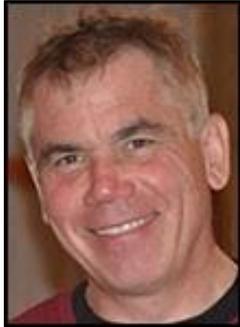

A memorial service for Dave is planned sometime in spring, when travel is easier for more family members.

More details on that memorial service will be sent when available.

# AAW NEWS

Phil McDonald who has served as AAW's Executive Director since 2012, has informed the Board of his intent to resign his position April 1, 2023. During his tenure, Phil stabilized the organization's finances and financial reporting, helped lead the Vision 2020 initiative, worked to expand the online portfolio of digital educational content, and managed the organization through a pandemic, among other notable accomplishments. The Board is sincerely appreciative of Phil's leadership, wisdom, and council over the past eleven years. In Phil's words, "Serving alongside the Saint Paul staff team, together with so many deeply passionate volunteers, has been immeasurably rewarding. Now is the time to look ahead to the next decade and beyond."

Phil's anticipated departure date allows the organization to manage a smooth transition, and the Board plans to appoint Jennifer Newberg, our current Assistant Executive Director, to move into the ED role as Phil departs. Jen was recruited in late 2020 with the intent that she would be a candidate for the ED role when the current ED would eventually leave the organization. Her background includes twenty years of experience in non-profit organizations, with a particular focus on fundraising, organizational change, and membership development. Those of you who attended our Chattanooga Annual Symposium may have had a chance to meet Jen. Since joining the AAW, she has played a key role in both our virtual and in-person programming. We are all enthusiastic about Jen and the new management approach she will provide. Regarding the upcoming transition, Phil said, "I am both comforted and thrilled knowing the AAW Board is committed to a well-thought transition plan to usher in a talented, innovative leader so perfectly suited for the rapidly evolving challenges facing our woodturning community." The Board has decided to treat the change in leadership as an opportunity as we move forward from our three-year pandemic-induced change in reality. Stay tuned.

# Women In Turning (WIT) News

From: Marie Anderson

Women in Turning News for January, 2023

The Women in Turning Committee is happy to announce the dates have been set for the 2023 Virtual WIT EXCHANGE. Registration will open February 1. There will be a small registration fee for the participants. The actual collaboration will run from March 1-April 15 and the final presentation of projects event is scheduled for April 29th. More information will be coming in an email to all AAW women in turning.

There will also be at least 4 WIT Presents events in 2023. WIT Presents is a series of interviews showcasing women turners. I will share the interviewees and dates as soon as they have been confirmed.

If you know a women who may be interested in woodturning please encourage her to visit one of our monthly meetings!

Marie

The logo for Women in Turning (WIT) features the letters 'WIT' in a stylized, cursive font. The 'W' and 'I' are connected, and the 'T' has a decorative flourish. Below the letters is a horizontal line, and underneath that line, the words 'Women in Turning' are written in a clean, sans-serif font.

## You'll learn:

During this demonstration, UK woodturner Emma Cook will take you through the steps of turning a platter and customizing it with wooden shapes, mica powders and resin. Using wood cutouts available at any hobby store, this project can be easily adapted to create stunning custom-made platters for holidays and special events (Valentine's Day is coming!)

## You'll learn:

- how to successfully cast a resin inlay WITHOUT a pressure pot
- how to turn resin with traditional turning tools
- how to get the best finish on resin

## Cost

- \$10 AAW members, \$15 all others.
- Preregistration required. Replay will be available to registered attendees only

Always changing, various IRD's are available as shown on the AAW's IRD calendar found here: <https://community.woodturner.org/events/ird-demonstrations>
