All the News That Will Fit On the Lathe

“the 360” A Message From Mark Hubl, Your President

Welcome back to all that attended the **National Symposium** this year! I hope you had a great time. From what I am hearing from those who attended it was well worth the trip. Please don't forget to share your experiences with other members at our next meeting. If you wish to share with the entire membership we will make time available at the next meeting. I also heard that there may have been some spirited bidding at this year's auction.

How about a **Mini-Instant Gallery??!!** I think that might be fun. If you bought a wonderful piece or two and would like to share it with the club please bring it to the next meeting or two. Maybe you could tell us a bit about the piece and why you wanted to add it to your collection. Seeing the awesome work of the skillful and creative artisans of the AAW is always an **inspiration** for me. I am sure our members who did not attend would enjoy the opportunity to see the work as well.

Thanks to those who volunteered for the **picnic committee**. Our picnic will be on Sunday August 27th this year. Same venue as before. Details will be discussed at our August meeting and in the newsletter. If you have any other suggestions regarding the picnic, let us know.

Our Next Meeting

July 18

Lisle Park District 7:00PM

THE MONTHLY REVIEW

Each month, an experienced member reviews members' current work. In June, the review was from Marie Anderson, a specialist in small turnings and a strong advocate for turning and fine craft. Marie has been turning, teaching, demonstrating and (still) learning for over 20 years.

We have two tables set up, one for review items and a second table to show your work without a review. All members are encouraged to bring their work to the tables. Members bringing work for review receive a raffle ticket for a gift card, so you could actually win a prize merely for doing something you actually love to do!

The "360"

Continued from page 1

The **Heritage Society** ornament production is in full swing! I will have a sample of the ornament at the next meeting. We have delivered 50 ornaments this month and will deliver 50 more by the end of the month. I will have 5+ batches of 10 available for volunteers at the next meeting. The batch will include 10 blanks, a sample and a story stick. I will have steel dowels if you need them.

Thanks to our presenters last month, **Roy Lindley, Jason Clark and Bruce Kamp**. This was our first time doing a mini-presentation format. I thought it worked out well. Let us know what you thought of the format or if you are interested in participating as one of the presenters in this format.

See you at the next meeting!
Be Safe and Keep Turning!
